

INTERNATIONAL YOUTH CAMP 2025

GET THE YOUNG PEOPLE FROM YOUR SECTION INVOLVED!

WHAT IS THE CAMP?

Every year, young members of the Fourth International in Europe organize a week-long camp where activists and supporters from different European sections—and to a lesser extent, from the rest of the world—gather. This is a golden opportunity to **train ourselves** while building **concrete ties** of international solidarity. It is also a chance to **grow** by introducing the Fourth International to those who are hesitant to join us, and sometimes to groups with whom we are beginning to establish connections.

THIS YEAR

The camp will take place in **Belgium** from the 19th (arrival in the evening) to the 26th (departure in the morning or the night before) of **July 2025**. The program and registration fees will be set in April.

JOIN AS VOLUNTEER!

The camp needs **as many participants as possible**, both to reduce registration costs and to enrich discussions by bringing together young people from the most diverse backgrounds. Even one or two young people from a country are better than none! Are there young people in your section? Are there youth activist groups in your country that would be interesting to invite? Talk to them about it!

SEND US YOUNG PARTICIPANTS!

Are you no longer young but would have loved to see what the camp is like? We have a solution for you: come and help in the kitchen! The camp needs volunteers to help **prepare food** or **translate conferences**. While a large part of the volunteering will be handled by the Belgian section, international volunteers are more than welcome.
